With just a couple of thrusts Mary will cream on your cock.

Orgasmic Bliss

Dear Virgin Territory,

I would love to give Mary an orgasm and feel her pussy quiver and cream all over my tongue and cock. The way she spreads her pussy and butthole turns me on so much. If I were fucking her and she looked back at me the way she is on pages 22 and 24, I might lose my load right then. She was definitely one of the highlights of your Aug. '15 issue. And I think she has the smallest pussy and nipples in the issue. I love her little, tiny lips and the way the outside of her pussy looks like a puffy clam. Does she do anal? It looked like her butthole was ready to take a cock when she spread it open. It's nice to know that she can have lots of orgasms. Most girls are not as fortunate as her. There's nothing like hearing and feeling a girl cum while you're inside her. And from what I hear, the experience is really nice for the girl, too. So I can just imagine sex would be pure bliss with Mary.–K.H., Green Bay, Wisconsin

Dear K.H.,

We're not sure if Mary does anal, as she did not shoot hardcore with us. We'd like to think that with such a juicy ass she does partake in some back door lovin.'

Loving Megan Is Easy

Dear Virgin Territory,

Holy shit, Megan from your Aug. '15 issue is fine as hell. She reminds me a little of the actress Megan Fox, who is also smoking hot. Megan is probably one of the sexiest girls you've ever featured and my new favorite model. The combo of dark hair with green eyes can't be beat. I also have to thank you for putting her in sheer panties, as I have a panty fetish. Her undies were very cute, and I liked that I could see her meaty pussy lips through the see-through material. It was like the best of both worlds–panties and pussy at the same time. Too bad she didn't do

Megan looks like actress Megan Fox, but younger and sluttier.

We'd like to see Sydney on a pole... the metal and the flesh kind.

a panty giveaway. I would have sent in 10 letters to get my paws on those pink panties of hers. If they're still around, I'd be glad to take them off your hands. It would probably be the closest I'd ever get to worshipping her pussy. For now I'll just look at these photos over and over again and hopefully look for another appearance by her in each future issue. Can't wait to see her in hardcore. I hope she fucks as good as she looks!–A.T., Boston, Massachusetts

Dear A.T.,

Megan did hardcore in the Oct. '15 issue, and you can see her fuck in the DVD The School of Hard Cocks. *Check out the video preview on page 12 and place your order on page nine.*

Sydney's Stripper Sister

Dear Virgin Territory,

I had to do a double-take when I received your Aug. '15 issue. You see, Sydney is almost the exact twin of a girl who dances at a gentlemen's

LIKE A NOT VIRGIN

READERS WEIGH IN TO HELP J.H. GET LAID.

Dear Virgin Territory,

To the 50-year-old virgin who wrote in asking for advice, the best thing I could suggest is to try to improve yourself and pick up new hobbies to meet women. Are you out of shape? Start working out. Not only will you look better but it will give you a boost in confidence. Are you anxious/shy around women? That is harder to fix, but just know that sex really isn't a big deal once you've had it. Try to relax and not overthink things. Perhaps you should ask a female friend or family member what you could do to improve yourself. And as a last resort, there are a variety of dating and sex websites that could help you meet someone. I'm sure you could find someone who'd be willing to help you out. They might not be your first choice, but at least you'd get it over with. Where there's a will, there's a way.–P.F., Washington, District of Columbia

Dear Virgin Territory,

In reference to getting your reader J.H. from South Dakota laid, I have some insight. I was a virgin until I was 42, the latest out of anyone I knew. I always lived paycheck to paycheck and am not the best looking guy. But I really could not take the sexual frustration anymore, so I saved up pennies and got myself an escort. Some people may look down on me for this decision, but I think it really helped me. First of all, I finally got some sexual experience without worrying about being judged. She also gave me some valuable advice on how to make myself more marketable to women. I gained more confidence and was able to have sex with two more women after that. Sometimes dipping your feet in the pool is enough to get you swimming!–T., via email

Dear P.F. and T.,

Thanks for writing in. We're sure J.H. will appreciate your advice!

club that I frequent. They both have the same color and length of hair, very similar facial structure and the same figure. The only thing that made me realize this was not the same girl were the tattoos on the back of her legs. I was so astonished by the similarity that I even brought a copy of the magazine to the club to show her. She was also surprised by her doppelganger, and has also expressed interest in modeling. I would love to be able to see her on your pages one day. In any case, Sydney is lovely, and not just because she reminds me of my favorite dancer. She is a fine specimen of teen flesh. Her pussy and butthole are pristine. I would love to see her in hardcore, as it would also be like seeing my favorite dancer have sex, too. (Something which I have of course fantasized about many times.) Please keep bringing your readers such lovely teen girls.–W.H., Baltimore, Maryland

Dear W.H.,

If this dancer is as hot as Sydney, we'd be glad to take her! Thanks for sharing the joy of 18eighteen *with your friend.*

Boners for Braces

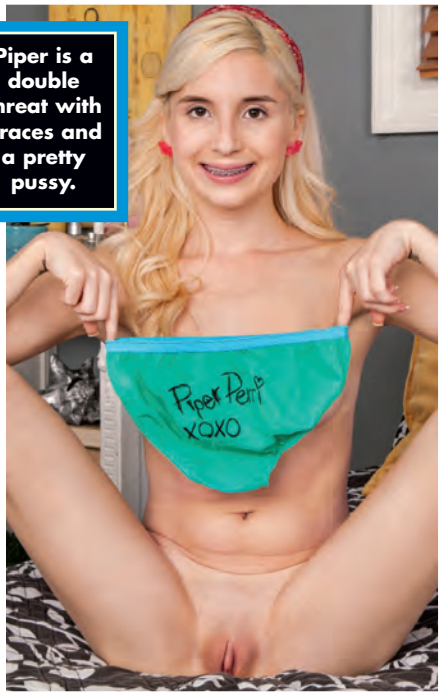
I'm a sucker for braces, so can you guess who my new favorite girl is? If



Piper is a double threat with braces and a pretty pussy.

you guessed Piper, you're right. She's a cutie. I've often wondered what it is that attracts me to braces so much, and I think it goes back to my memories as a teenager. There were several very cute girls in my high school who I had crushes on, and they all had braces. I began to associate braces with the boners that I had for these girls, and thus, a lifelong attraction was born. Natalie was another recent brace-face cutie that you featured. I hope you have more metal-mouth cuties lined up. As for Piper, you're right about her pussy. It's gorgeous. I also love her red-painted toenails and would suck on her little piggies the same way I would suck on her pussy. Her breasts are a nice size and shape, and she certainly isn't shy about smiling. When you feature her again, could you show more full-body shots of her? I would love to see her from head to toe and feel like that was the only thing missing from her pictorial. Thanks again.–A.A, Colorado Springs, Colorado

Dear A.A.,

Piper is adorable, and she was also featured in the Oct. '15 issue, which you can order on page 11. Also, make sure you don't miss brace-face cutie Liza from Nov. '15.

More Curvy Teens

Dear Virgin Territory,

I subscribe to all The Score Group magazines and enjoy a variety of different women. One suggestion I have for your magazine is to include more curvy teens. They don't have to be extremely busty or overweight, as I realize that's not the appeal of liking teen girls. But I like a little meat on the bones and slightly bigger tits. Two examples of this would be Anissa and Ella from the Aug. '15 issue. Neither are by any means overweight, just slightly more meaty than the other girls in the issue. Especially Ella. She was my favorite in this issue. She has a lot of ass and thigh meat and such a cute face. I like my women with a little something to grab onto, and she definitely has that. I bet her ass looks amazing when she's bent over on all fours and getting it doggie-style. Anissa is slightly thinner than Ella but still built right. I love her sexy bush. That's also something that I would like to see more of. The other teens are cute but look like they need to eat a burger or something. I would be afraid of hurting them if I fucked them too hard. Another hot curvy girl you featured once was Stine. Once again, I can see the appeal of a girl who is so little and dainty, but I like a more sturdy babe who has lots of flesh for me to play with and admire.–I.R., Tacoma, Washington

Dear I.R.,

Thanks for the suggestion. We do try to include more curvy teens as they come our way. But as it is, most of these girls still have the fired-up metabolisms of youth and as a result, slender figures. You may want to check out Viktoria from Feb. '13 and Lizzie from Jan. '12 if you like curvy girls. 18

YUMMY BITS

Elsa, do you have sensitive nipples?

"They're a little sensitive but not too much. They get hard really easy. I like to have them licked, sucked and gently nibbled on. A little pinching or tugging is fun too, but nothing harder than that. When I'm cumming I like to pinch my nipples. It gives me an extra little shock."

Is your pussy always so smooth and hairless?

"Pretty much. I stay on top of my grooming, which is mostly waxing and sometimes shaving. I feel the most confident when I'm totally smooth down there. Not that there's anything wrong with pubes, but for me I like to be totally bald. Some people talk shit about girls who remove all their pubes, saying it looks weird or whatever. But these are obviously people who have never eaten a freshly waxed or shaved pussy that is soft as silk. You can really get your face in there without getting tickled or poked by bushy pubes. It's really nice."

CARBON

Have you ever let your bush grow out all the way?

"Before I started shaving and waxing I had a big bush. But when I knew I was going to hook up with a guy for the first time I rushed to get everything waxed off. It hurt, but it was so worth it once he was eating me out. He really seemed to like the wax job 'cause he couldn't peel his lips off my lips!"

Lexi was a talented pianist. But she wanted to prove she was talented at other things, too. Things that maybe her sexy piano instructor would appreciate. Things that he might want to explore, if only she could get him to do a little...

FINGERWORK

"HAVE A GOOD PRACTICE, HONEY," her mom said, heading for the door. Lexi wished she could go, too, but it was Friday. Rehearsal night. A new movie? Going out to have fun? What was that?

On the other hand, winding up naked on all fours, biting her fist with seven inches of dick buried up her cunny? Now, that'd make for a good rehearsal. If only….

Still, it might not be all bad. She had plans of her own. She pulled back the drapes and watched her parents pull away. Her cell chimed. It was a text from Jill.

SO YOU INVOLVED IN ANY DEEP-FINGER WORK YET? LOL.

Lexi laughed. Keyed a quick reply.

STILL SOLO. WARMING UP, THO.

She sat at the piano, working out the kinks. A little ragtime, then some classical. Her feet tapped the pedals dutifully as she changed key. She was freestyling now, making it up as she went, starting a run solely to feel the keyboard vibrate…and the heat of her thighs rubbing together.

She'd considered rehearsing sans panties, but couldn't work up the courage to stroll around in front of her mom in nothing but leggings. She'd been close, but standing in front of her bedroom mirror? Hello, cameltoe! Expect bumps ahead!

She checked the time. If she ran upstairs, she could get her leggings down and peel off her bloomers before the bell rang and–

No, that'd be a little too tight. Not as tight as she was right now, but pretty damned close.

Bloomers…commando…undies…bare-lipped…panties…pussy…

Headlights washed across the front window, putting an end to her drawers debate. The arrival couldn't put a dent in the heat seeping out of her crotch, though, not even close. Making sure her vag didn't squelch when she walked, she crossed to the front door, opening it before her instructor could even knock.

SWEAT

"Evening, Alexis," he said, shrugging out of his coat. "Thanks for letting me in."

Parker Dalton was what Lexi imagined every piano instructor to be. Tall, slender, big hands, long fingers. Things she'd been seeing for two years–ever since she'd won the junior scholarship and really gotten serious about her playing. And she was. Serious, that was, about her playing. But also…

Lexi hadn't been eighteen all that long, but she'd been old enough for long enough now to know that Parker didn't quite see her the same way any more. And, not just because she could play the hard stuff. Prokofiev's Piano Concerto Number 3, for instance. No, Lexi was sure that despite his impersonal manner and standoffish approach, he'd noticed things changing about her. Like the way her sweaters were stretching more. Or the way her butt swung when she walked around in one of the skirts she'd bought with Jill. Of course, he never let on, which only made it that much more frustrating. On more than one occasion, she'd gotten all the confirmation she needed: every time she noticed the enormous bulge in Parker's slacks before he'd beaten a hasty path to the door. Many a night, Lexi had gone straight to bed after practice, masturbating feverishly. Wondering if Parker was doing the same in his car, unable to wait until he got home, jacking it in the dark while the car stereo played one of her recitals.

Lexi's thighs pressed together involuntarily. Oh, she was warmed up, all right. She pecked out Chopsticks as a means of telling him, "You're joking, right?" He rolled his eyes. Her pussy lips quivered.

Still, it was driving her crazy. They'd been alone more than a few times, but yet…nothing. And so, it had come down to tonight.

"Warmed up?" Parker asked. Lexi's thighs pressed together involuntarily. Oh, she was warmed up, all right. She pecked out Chopsticks as a means of telling him, "You're joking, right?" He rolled his eyes. Her pussy lips quivered.

"Why don't you show me where you are on the Tchaikovsky."

As she expected. As she'd been planning on…

She began slow, letting the notes ring as she played through the introduction and led into the up-tempo stuff. High-pitched notes that would take her down to the end of the keyboard. Parker was listening intently, eyes closed, keeping time. Then everything came to a halt….

"Agh!" he squawked. "What was that? Terrible!"

Lexi yanked her hands from the ivories like she'd been stung. She shook her head. Then tapped a key. The note was as sour as spoiled milk. Parker went white.

"Oh, no!" he groaned, striding over and plopping down on the bench beside her. Lexi felt his thigh against hers. She wished that she was bare-legged. Wished they weren't facing the same direction. Wished she could just come out and tell him to fuck her.

Parker ran through one scale, then another. He looked stunned. Lexi could understand. The piano had just been tuned the previous week. For notes to be out already was all but impossible. Only, Lexi knew better. She'd done it, after all. And her twat was practically foaming because of the sabotage.

"This is my fault," he said, slapping his forehead. "I never should have taken my tuning bag out of the car!"

But he didn't always have it, she'd learned. He did all his tunings the first week of the month. After that, it was by appointment only. She'd been counting on that, but did her best to look pained.

"This…this is awful!" he said, continuing to tap the keys, hoping for a different result. Lexi slipped off the bench and reached under the couch, sliding out an instrument case.

"No problem," she said, flipping it open. "I'll just work on the simple stuff tonight."

Parker looked horrified. The Yamaha was a decent keyboard, to be sure. But it wasn't a piano. She could see his eyebrow twitch with frustration as he watched her .

"No," he said, stopping her. "That won't be any good. Not for this kind of work." He paced for a moment, then made up his mind. "C'mon. I'll take you to my place. We can rehearse there and I'll bring back my tuning bag so I can…can…deal with this…" he gestured at her piano with disgust. Lexi's cell phone chimed. She didn't dare check it. She knew it was Jill again. Probably wondering if she still had her bloomers on. If Parker's tongue was doing dirty things to her down there. Lexi tucked the phone in her pocket, hoping to have a worthwhile response in the not-too-distant future.

Parker's condo was only a few miles away. Lexi had a hard time paying attention to the piano talk while he drove, desperately trying to keep from grinding her palm against her crotch. She was so horny. He led her inside, told her to make herself comfortable and disappeared.

She walked around, Parker's onyx-black piano sitting at the room's center, dominating it. It was gorgeous, a real showpiece. He had electronic keyboards as well, she saw, which surprised her. As did a number of photos on the wall. Group shots with important people, none of them recent, but still, pro work. She didn't recognize most of the people, but one face looked a little–

"Here," Parker said, carrying in a tray with iced tea in glasses. He put it on a table and pulled out the bench. Lexi, who'd been waiting, slipped onto it a little too quickly, pinning his hand beneath her left butt cheek. She blushed when he withdrew it, apologizing halfheartedly. She glanced over, and thought he might be sporting that bulge again.

She began to play, running through the piece she'd be performing at competition the following weekend. She played it flawlessly. The sound that came out of Parker's piano, though. It was a whole different world. Without thinking, she slipped into the ragtime she'd been playing at home. Then the freestyle. She was losing track of her surroundings, just going with the rhythm. The wetness downstairs threatening to

LEWD LIPS

Alex, what's up with the sexy lingerie?

"I like fancy underwear like Victoria's Secret. It's pretty, and it makes me feel sexy. I wish I could just walk around in my lingerie, but I don't think that would go over too well. My mom and I are about the same size so I used to steal her lingerie, but now I've got my own. My only complaint is that thongs don't always contain my big pussy lips."

Yours are pretty big, and that's hot. Do you ever spread them for guys?

"I spread them for guys and girls! I'm bisexual. I love it when a person is eating me out and my big pussy lips are all over their cheeks, soaking their whole face with my juice. Then when they come up to kiss me I can smell and taste myself on them, and it's almost like I'm going down on myself. Having big lips has its benefits. I've been told by other girls that when they scissor with me my lips rubbing on their clit feels really good. It feels good for me too because I like my lips rubbed and played with."

Do you like guys or girls more?

"I'm attracted to both of them the same. With girls it's a sensual thing–passionate touching, kissing and oral. With guys, well, I want to get fucked! They're big and strong and can pound me. My favorite is to be in a three-way so I can have both."

Alina

CAMEL-TOE QUEEN

Why do you call yourself a cameltoe queen?

"Because for whatever reason, whenever I wear tights or yoga pants I always have a cameltoe! I think it's just the way my pussy is. It's so horny it sucks up everything that's close to it! [*Laughs*] I used to be constantly tugging my pants down out of my crotch in those situations, but I've given up on that and accepted that my pussy will be on display. If you think about it, it's kind of hot. Some girls like to show tits and ass, but I'm showing off my twat. When I go to the gym I see guys staring at my crotch, and I bet they're wondering what it's like to eat me out and fuck me."

You don't ever feel shy or embarrassed about having a cameltoe?

"I used to, but not anymore. A guy who would always flirt with me at the gym told me as a joke that seeing a cameltoe was better than seeing the real thing. So now I just own it. Also, it kind of feels good when the material is riding up my pussy and rubbing on my clit. Now a lot of the time I won't even wear underwear with my tights so I'll have a super cameltoe. It can be a little embarrasing when my pussy is wet and my tights get stained, though! But then that just means I get to go home, peel them and smell my lovely scent! Yes, I actually do that."

Has your cameltoe ever gotten you laid by someone checking you out?

"Well, there was this one time I was taking a yoga class and I felt like the instructor was staring at my pussy. It didn't help that I was wearing white yoga pants with no underwear either. During the class he kept coming up to me and adjusting my poses. After class we started talking and went to go have some tea, and we ended up fooling around in his car. I was all sweaty and he ate my pussy and asshole with no hesitation. And while he was going down on me he said, 'I knew your pussy would taste just as good as it looks. I couldn't take my eyes off it.' So of course I wanted to fuck. I started riding him and he stuck a finger in my butt and I dripped all over his balls and car seat. It was a nice, sweaty post-workout fuck."

overflow her cotton panties.

And then suddenly, she wasn't soloing. The room lit up, music coming from surround-sound speakers.

"Follow along," Parker said, and for the first time she could remember, he smiled. It turned her nips to stone, and she took a second to fall in with him. It was a familiar tune, but one she couldn't name. Not without the lyrics. Those, Parker supplied.

"I, I didn't know you played that kind of stuff," Lexi said, breathless. "That was fantastic!"

Parker powered down and came to sit beside her. He gestured to one of the photos.

"I played keys on the '88 tour."

"You toured with Kenny Loggins?"

"Yes, among many others. Did studio and tour work for a lot of '80s bands. The Go-Gos, B52s, Sisters of Mercy. There's always someone who needs a fill-in."

Lexi stared at him, shocked. She couldn't understand why someone who could tour professionally would want to bother teaching. He must've seen the question on her face.

"I hate traveling," he said, shrugging. "And I like teaching hot chicks."

In a second his tongue was in her mouth, his fingers fondling her small breasts by the time she started undoing his belt. The bench was wide–Lexi was sure it could've accomodated a threesome–and he swung it out, allowing her to throw her legs over his. She had his zipper down now, his hard prick snaking through the seam in his boxers.

"So it's true," she said, wriggling back, wrapping her talented fingers around him.

"What is?"

"Guys with long fingers have really big, you know–"

She trailed off, using both hands to jack a bead of cum the size of a marble out of his dick. He grunted as Lexi teased the spooge onto her thumbs, letting it hang there for a second before plunging them into her mouth.

His cum tasted like she'd dreamt. Like Jillian had described on nights she'd slept over. Thick and warm, salty and creamy. Strange…but in a way that made her want more. And,

How did you get so flexible, Cali?

"I'm a dancer. It's one of my favorite things to do. I also feel that it's kept me in good shape, which allows me to wear the short-shorts, mini skirts and crop tops that I like. I'm an exhibitionist so I like to show off a lot of skin."

Have you ever had sex in public before?

"I have several times. I love the thrill. I've had sex in parks all over my hometown, on the playgrounds there or hidden in the trees. I once had sex at the mall. That was crazy! My boyfriend started rubbing my pussy and fingering me in a store, and after that I had to fuck. I went into a fitting room and snuck him in a couple of minutes later. We kept it quiet so we wouldn't get caught, but it was still so hot! And of course I've had lots of sex in cars parked in random places. I've never been caught, but I kind of wish someone would see me in the act. It'd be a turn-on."

FRESH FLATTIE

What kind of sex does a nice girl like you enjoy?

"Despite my sweet demeanor, rough sex is what pleases me the most. I can have five orgasms in a row, but the guy really has to be drilling me and being aggressive. Most people are surprised to find out that I like it that way because I'm so shy and quiet usually. But the shy, quiet ones are usually the biggest freaks. I'm also into some light bondage. I like to be tied up and spanked. I'm game to try anything kinky."

Do you masturbate? Share details with us.

"It's not really my cup of tea so I don't do it often. Sex just feels so much better that masturbation pales in comparison to it. But if I'm super horny with no one around then I'll take care of business. I just use a regular little vibrator. I don't stick it inside of me too much. I mostly just put it on my clit and enjoy the vibrations. And I know it's the opposite for most people, but with me it takes me longer to cum with a toy."

there was only one way to accomplish that. She held eye contact with him, backing away. Retreating to the edge of the bench. Then off it, dropping to the floor. To her knees.

Jack-suck, jack-suck, jack-suck…

Parker's semen trickled over her gums. Coated the tip of her tongue. Painted the roof of her mouth. He leaned back, back slightly arched, pumping his pole into her to the extent that he could.

Drool ran down her chin. She sucked his dick, as noisy as she was sloppy in her cocksucking. One hand tight around his shaft, the other working his balls.

It was good. Great, even. Her snatch was as slick as it had ever been. But still, she wanted more. Even though she could taste his jism, it wasn't enough.

"This is so, fucking, hot," she said, breaking just long enough to tear off her t-shirt. She went right back down on him, but hands-free this time, unsnapping her B-cup bra and letting it fall to the floor.

"Do the rest," Parker said, taking hold of his prick and stroking it for her, letting her watch while he gestured to her leggings.

She played striptease, drawing them down slowly. She watched his hand track up and down his throbbing shaft. Another glob of slime was oozing out of his tip. She let her tights drop, and stepped out of them.

Her bloomers were almost invisible. Just a waistband and fabric soaked so thoroughly they were sheer. He paused, mid-stroke, staring at her twat.

She rolled her undies down, turning so that her pussy was hidden from view. She thought his eyes might pop out. She turned completely sideways, standing in profile, working them all the way down before taking them off and tossing them at him.

He let go of his meat hammer, catching her drawers and pressing them against his nose, inhaling her scent. She returned to her knees, slurping up the strand of sperm that had been leaking down his boner. When she looked up, he had his mouth open, her bloomers between his teeth.

"You like it? The way I taste?" she asked, letting his ball butter coat her lips. Parker nodded, sucking on the damp fabric.

"Then show me," she said, playing with him, letting a little whine slip into her voice. She stepped close, her slit mere inches from his face, and spread her slick, outer folds.

"Come on," she urged, pulling herself wide for him. "Do it. Eat my pussy. Please."

She was practically begging. Not that she had to, though. Parker buried his face in her muff, his hungry mouth slurping up her rain of lube like he was trying to empty her out. Lexi dug her fingers into his hair, pulling him deeper, his nose grinding against her clit, his chin stubble rubbing like an electrode across her sweet teenage fuckhole.

Lexi gasped, bending forward, practically balancing with her belly against Parker's forehead. She wasn't sure her feet would stay planted. Not enough to keep her upright, at least. She whimpered, her twat clamping down on Parker's middle finger. That long, multi-talented digit that formed the center of the basic triad. Right now, she was imagining Parker's thumb striking the A note, which in this instance was her throbbing left pussy lip. His pinky was vibrating against her right lip, bringing the E to life. And his fuck-finger, well, that was right where it needed to be. Playing her C like the virtuoso he was. And, he wasn't just holding the note. He was fingering her C like Jerry Lee Fucking Lewis. Her thighs were streaked with cunt sauce. When she glanced down, she saw his cheeks, spattered with her dew.

Tears rimmed her eyes. She was so close. She'd been dreaming about this–and countless variations of this–for months. And now…now…

"Parker," she breathed, her short fingernails raking the back of his neck. "I'm gonna cum. Gonna cum right in your mouth."

Parker, who really didn't have the ability to respond at the moment, surprised her again. This time, rolling his tongue like a trumpet player over her swollen clitoris, making her dizzy with the power of her orgasm.

Lexi lost control. She slipped back, away from Parker, while refusing to let go. For his part, Parker did his best to hold her in place, but that wasn't going to happen. Instead, he threw his hand behind Lexi's back, and they rolled to the carpet together, Parker on top, his tongue still trilling across her wet snatch.

Lexi had had enough of that, though. Well, maybe not enough, but certainly all she could handle for the moment. She needed to catch her breath, and she was afraid if Parker kept eating her out she might just pee herself she was so hyper-turned-on.

"In me!" she hissed, pulling his face from between her thighs. "Put it in my box, Parker, please! I need you to fuck me now!"

Parker looked across the floor, to where his pants lay. Lexi decoded what he was thinking and wrapped her legs around him.

"You don't need one," she told him, stroking his cock. It responded, bobbing, as hard as a Liszt concerto.

Her fine tufts of pubic hair, neatly trimmed and showing off her bright, pink core. Her small breasts, areola puffy around jutting nipples. Her firm abdomen, quivering while she waited for him to enter her.

Parker hesitated, ogling her teen form splayed out beneath him. Her fine tufts of pubic hair, neatly trimmed and showing off her bright, pink core. Her small breasts, areola puffy around jutting nipples. Her firm abdomen, quivering while she waited for him to enter her. He would, wouldn't he? What if he didn't, though? What then? She had no problem sucking him off, if that's what he wanted instead. He could flood her throat and she'd be just as happy. Hmnnn. Almost as happy, she admitted silently. Or, maybe he just really wanted to get a condom. Wearing a rubber wouldn't be so bad. At least, that's what she thought. Truth was, she didn't know. She'd never gotten this far with a guy before. Welcome back! What've you been up to since we last saw you in Feb. '14?

"Well, I've finally been having orgasms from sex! the first time it happened I didn't know what was going on. The guy was fucking me slow and I felt this pressure building up inside of me. Then I felt my pussy convulse and this overwhelming feeling took over. I was making noises that I never had before. I was cumming, and I finally realized what I'd been missing!"

Is it easy for you to cum from sex now?

"I wouldn't say it's easy. It takes some work. But at least now I know how to get it done. My favorite way to cum is from being on top. I can grind my hips just the right way so the guy's cock is hitting my g-spot and my clit is rubbing on his pelvis. I love looking down at his face as I cum with him inside me."

There's something about a guy tonguing my butt while fingering my pussy that feels so damn good. The reverse, him fingering my ass while sucking on my clit, is great too. about to learn for himself…if he didn't bail out.

"I'm safe," she said, giving his nuts a squeeze. His breath caught in his throat. So did hers. She wasn't really sure. She'd never had to pay attention before. Then, Parker grinned at her, and her worries disappeared.

Along with her cherry.

Parker's cock shredded her hymen in a single, powerful thrust. He'd pumped her full of man-meat twice more before suddenly coming to a halt. The expression on his face was the same as the one he'd had when she'd hit the sour notes on her piano back at the house.

"What?" she asked, panicking. "What's wrong?"

Parker had a hard time putting what he was thinking into words. Finally, he came out with it.

"You?" he asked, unable to keep the shock out of his voice. "A virgin?"

Lexi turned red. She felt ashamed. She was going to cry, she knew it. Everything was a disaster now. She looked away, embarrassed.

"I-I'm sorry," she managed, though the words were barely audible. Parker, though, didn't pull out, as she'd expected him to. In fact, he pressed down, entering her even further. The size of him, his length, took her mind off her predicament, if only for the moment.

"No!" he blurted, figuring out what had gone wrong. "No! I didn't mean it that way," he explained. He had Lexi's attention again. Knowing the deal now, he pulled out a little–and slow-stroked her de-virginized pussy a couple of times before throwing her a fastball. Lexi trembled.

"I just, just can't believe it," he continued, upping his pace. "Never would've–ungh–imagined if I hadn't felt it for myself. You? I would've thought you'd have had your pick of guys by now."

His words were turning her inside out almost as easily as his dick. He was turning her to butter, and she didn't even care if he was telling her the truth. Maybe she'd find out later. Maybe not. Either way, though, that wasn't important. What was important was that she was getting banged, and Parker was the kind of guy Jill

described as a sinus-cleaner. In other words: the kind of guy who'd fuck the snot out of you.

Which he was well on his way toward doing. Alexis had her hands on his ass, clenched tightly as he slammed into her, thrusting with everything he had, giving her a good case of rug burn.

Sound quality, she reminded herself. It was obvious Parker hadn't installed this carpet for teen-tryst comfort. Which gave her an idea. Parker was really going at it now, letting loose. Lexi locked her ankles, arched her back, and threw her hips up to meet him mid-thrust.

Then, she howled. An ear-piercing, glass-rattling cry of sheer ecstasy. It left her breathless. Spent. She'd timed it perfectly. Parker's prick driving her to the brink just before she let it all out. The first climax-scream of her young life. She knew the second she'd uttered it, it would not be the last.

All her previous cums? Forget them. And, there had been plenty. But nothing, not even her very first solo escapade–with a vibrator she'd snuck out of her mom's sex-toy drawer–even came close. Not to this.

Parker kept going. Pounding into her. Churning her insides to jelly. She wasn't going to play tomorrow. Not because she didn't want to–because she wouldn't be able to sit on the wooden bench. She was going to be feeling this, all right…feeling it for days, maybe.

"Alexis," Parker grunted, tipping her off to just how close he was to cumming. But she wasn't ready to let him back off just yet.

"Lexi," she insisted, wrapping her legs around him even tighter. "C'mon, you can…do it."

"Lexi," he relented, his eyes hard on hers. " I'm going to–"

She pressed her lips to his, tasting herself on his tongue.

"Now," she whispered.

He pulled out. Lexi sat up quickly, found his crotch rocket, and began jacking him onto her boobs, giggling as she watched the jizz spew out of him, running her limber fingers through it and depositing the leftovers in her mouth.

"Next time," she thought. "I'm gonna guzzle it," she promised. "I'm gonna swallow every single drop."

"Well, I guess we're going to have to schedule practice here again," he

replied, another rope of semen squirting out across her hand. It occurred to her that she hadn't been thinking that after all. Oh well…

"You want to?" she asked, exaggerating. She held her hand up and lapped away his ball cream.

"I'm sure I can…find a slot," he said as she took the last of his spooge onto her chest.

"Oh, I'm sure you will," she agreed, wondering if maybe the next time he fucked her, he'd do her doggie-style. Maybe even put that middle finger of his to good use somewhere else. Before she could get carried away, her cell rang. Not Jill, though.

"My mom!" she squealed, racing for her phone. "I didn't leave a note!"

Parker beat her to it. He picked up, and hit a button on his console. Elegant, classical music instantly filled the studio.

"Hi, Mrs. B, it's Parker…I had to bring Alexis over here…Something must've happened, piano went out of tune again…My fault, I didn't waste time packing up and, I guess we forgot to leave a note…Oh, that? She's playing my Bösendorfer. Uh-huh, the Imperial…Sounds amazing, doesn't it? Uh-huh…uh-huh…You know, I was thinking about having her play here, sometimes…not a problem at all…Inconvenience? Hah! Hardly. Sure. I'll have her home by eleven."

Naked, seated on the bench, Lexi looked up at him.

"Eleven? She said you could bring me home by eleven?"

Parker winked at her. It wasn't even nine yet.

"Feel like, uh, getting a little fingerwork in?" he suggested, closing the lid on the keyboard.

"Think I've had enough fingerwork for one night," she said, pressing against him. She felt him stiffen.

"Is that really a Bösendorfer Imperial?" she asked, running her hand over it.

"Yup. Over a hundred years old."

"Have you ever, you know…" she started. He made a show of examining it for possibilities.

"Y'know, I've always wanted to see if it was good for anything besides music," he admitted, hauling her onto the lid. First time on a Bösendorfer?"

"First time for a lot of things," Lexi said, before getting down on all fours and wiggling her backside at him.

"I mean, a lot of things." 18
